

## 空肠间置术：端侧吻合法

Total gastrectomy:

end-to-side jejunal interposition

间置空肠的长度宜约 45cm。由于食道壁较厚，应认真地将食道全层结扎在砧头轴上。

The interpositional jejunum should be 45 cm long. The whole esophageal wall should be tied to the anvil shaft carefully, as the esophageal wall is relatively thick.
